I got my nickname in college many years ago. I was originally called the Friday Night Girl, because I loved to party on Friday night. That stuck but got shortened to Friday. I also began to play off it when I was introduced to people. Like I would say, 'Let's get freaky on Friday or I'm your Friday night fuck.' I began to believe my own hype so I would do things only on Friday. But that got boring, so now I'm good for every day of the week. Call me and I'll tell you a really hot story. Just pick a day. Over 18 only.

The photographer asked her if she wanted to pose with anyone. Blake immediately said her two lab partners. Going over to her briefcase, she pulled out a dildo and vibe and shocked everyone on the set. Needless to say, we're glad she brought them.

She told us that when she went back to work on Monday after the weekend photoshoot, she had a smile on her face all day. It got her co-workers to wondering. Blake's really cool and you can find that out by giving her a call.

I love chocolate. There's just something about the taste and texture of it. Especially when it gets just a little bit warm. Making love and eating chocolate are like one and the same. A few years ago I took some candy-making classes and made some sexy chocolates for my husband.

I made some x-rated sweets
and gave them, and myself,
to him for his birthday.
We went to bed early and
brought the chocolates with
us. We snacked for hours
and melted the chocolate
for body painting and body
licking. We had so much
fun we did it again the
next night, and the next
night, until we got sick
of the chocolate, but
not the sex.

I used to be a topless dancer for Les Folies Bergère at the Tropicana Hotel in Las Vegas. It was the best time of my life and I met some of the most wonderful, and not so wonderful, people there. There were always guys who wanted to meet and get with the girls, but the club policy was not to date the patrons. That's where I got my name Frankie – for fooling around with Sinatra.

But truth is I never fooled around with him. He would come by the club and say hi to the girls. He was always very sweet to us and quite generous too. The dancers I was with were quite a diverse group. We had girls from all over the world, and they were all beautiful. Many of them were gay and I must say, very good lovers. Since we were not allowed to date customers, many of us turned inward and dated each other. It was fun.

One night a sheik came in and bought out all the tickets for his entire entourage. After the show he invited us back to their suite and management said we could go. It's all about the Hair Down There

It's the hottest topic in today's sexually charged world. Or at least at the beauty parlors and nail salons of our nation. Do men want their women with a bush or sans-hair? Do women really want to shave it and if they do what do they do down there?

It's about time for the low-down.

Hairless pussies have been around for a long time.

At least as far back as the ancient Egyptians and

Greeks. Was it done for the same reasons as

today. We think so. Greek female stat-

ues show no hair down there. The

famous nudes of the painting

masters of the Renaissance

are also baldies. But

we were born with

pubic hair for

a reason.

What

STYLIN' THE BUSH

With so many possibilities, what's a woman to do? What's best for her mood, or for her lover. We took on these perplexing questions and have compiled a photographic guide to pubic hair styles. The possibilities and names are endless, so we'll concentrate on some of the most popular. So she has decided to trim back her pussy. Good for her for keeping up with the times. Before she starts she'll have to decide what shape works best for her, and you...

Aussie

Yes, you guessed it, it's the shape down under. All the top pubes are hairless and the area over the labia are hairy. This is a variation for those men and women who want to be tickled as they cunny. And saves the most delicate parts from the razor.

Arrow

The second most favorite cut is the arrow. It can point up or down depending on the message one wants to impart, but the favorite is pointing down. That's kinda silly because we know our way down there, but maybe someone still needs directions.

A woman is standing at a London bus stop when a sudden gust of wind blows up her skirt.

we do with pubic hair as adults is entirely up to us.

During the "Free Love" days of the hippies in the Sixties and Seventies, a full natural bush was the norm. Even the porn flicks of the time reflected that lifestyle. At the Eighties and Nineties set upon us, the bush began to diminish in size. Disposable razors and lots of advertising began the decline of the natural bush. As porn became more accessible to all, pubic hair got smaller and smaller to the point where a bald pussy is seen as much today as any point in time. This is not only the case in porn, in the states as well as internationally, but it has permeated into society in general. Pop stars and celebrities openly discuss their nether regions. Paparazzi shoot them as they exit cars and dance at clubs. Those shots command tens of thousands of dollars and are seen by everyone. There are websites devoted to shaving techniques and dos and don'ts when shaving down there.

While it's a public spectacle, at the same time it's a private affair. Since most of our women are not porn stars, why are they shaving? Do we men want it? Do the women think we want it? Do they really want to do it? It's a debate that mostly goes on between women and we men are rarely asked our opinion. But we are here to

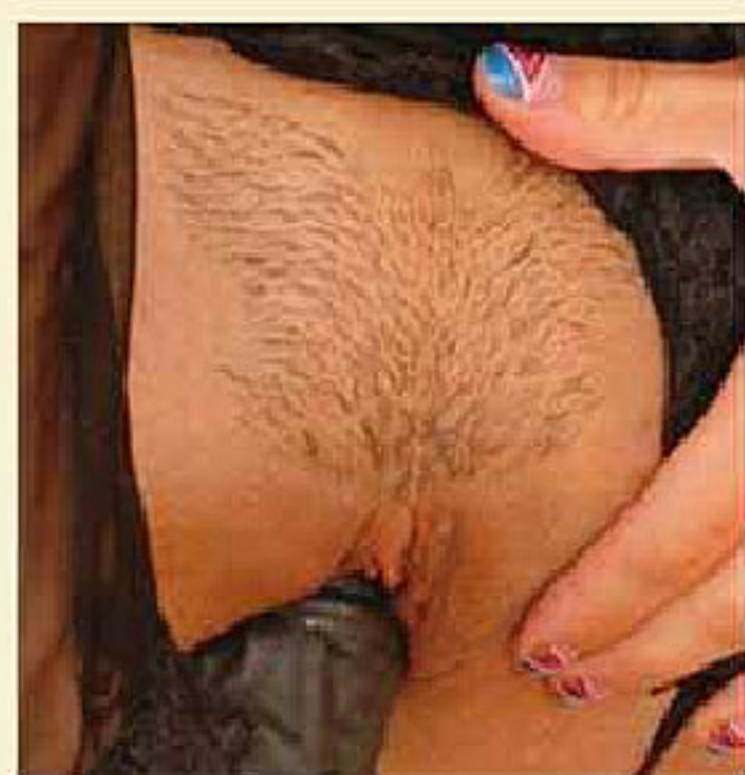

Au Natural

Many men, even today, prefer the Au Natural look because it is so organic. No upkeep needed, and it keeps in the smells so associated with the sex act. If you ladies prefer this, please trim it back every once in a while. No one likes it overgrown.

Brazilian

Made famous on and off the beaches of Rio, this tuft of a muff has led to thousands of bikini waxing shops across the country. Able to morph into many shapes, the basic cut leaves hair just centered above the genital region.

Butterfly

Perhaps one of the most delicate and organic shapes in pubic hair trimming is the papillon. Difficult to do by oneself, it's a great way to spend an afternoon and then take the evening to admire the handiwork. Have fun with it.

Christmas Tree

One of our seasonal favorites, along with the jack-o'-lantern for Halloween. Another arrow shape that seems to blossom during the winter holiday. With longer hair ornaments and holly are often attached to help ring in the holiday cheer.

Flame

A sizzling statement often reserved for the more adventurous or sexually in-heat ladies. When you go down on her and discover the flame, you better be ready for some hot action. If you can't keep up she'll put your flame out and you're in the cold.

Landing Strip

By far and away the most popular of all hair down there styles rivaled only by the clean shaven pussy. Often called the Mohawk if the hair is a bit longer. It's an easy style to maintain and doesn't matter much if it's well kept or not.

The bus driver opens the door at that moment and says, "A bit airy, ain't it?" She replies, "What were you expecting – feathers"

give voice to men on this super important subject.

Billy in Dallas likes his women au natural. "I want to feel that hair down there. It's a different texture than the rest of the body. If I want to rub my nose on bare skin, I can find it on 98% of her body. Leave it alone." Axel in Phoenix also digs the bush. "My lady likes it when I play with her pubes. I like to twirl her hair into little ringlets, pull on it when I'm going down on her, and above all, she likes it when I pull my fingernails across it. She says it makes her tingle."

On the other side, some men want none at all. Ashe in Boston is a bare pubes dude. "I don't want anything down there to get in the way of my tongue. I really don't care for the smell so no hair makes it easier for me to go down on her." Samuel in Miami is the same. "Down here, the humidity gets to the pubes really fast and if the lady is clean shaven she can stay fresher longer. I like the smoothness of a cleans haven pussy. It rocks."

As you can see the debate goes on. There is no right or wrong. Just what is right for you. Shaving a pussy is really fun for us guys, too. And if you do a bad job, no one else (you hope) will see it, and it grows right back. Don't be afraid to ask your lover to shave for you, if she doesn't already. It's what our society has come to.

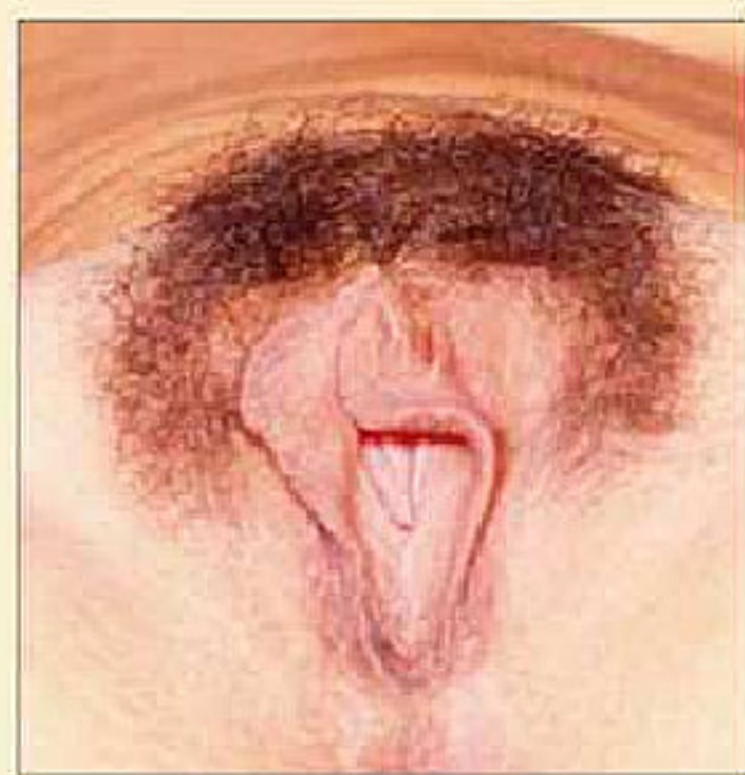

Shaved Clean

And on the other end is the baldie. No hair, and preferably, no stubble. Many women say that sex is more heightened after they have just shaved. Their sensations are heightened. Others say it's so much easier to shave it all off than to style it.

Lightning Bolt

Another adventurous style that also send a message to the her partner. This is a style that is also best done with an assistant so that the shape comes out right. This style also goes well with tattoos and looks great when blonded.

Moustache

This is a fave of your mischievous love. When you're down on her looking up at her, it looks like your sporting a large moustache. Great for a few laughs and then shave it off. Also called the Pancho Sanchez south of the border.

Peach Fuzz

Not really a pubic hair style and not to be confused with five-day growths. Many times a woman will just want to shave it down to a comfortable length where stubble is not a concern. Looks great on light colored or blonde hair.

Postage Stamp

Just a shorter version of the Landing Strip. We have one lady who has an unusual sense of humor - or lovemaking - who tells us she calls hers Little Hitler because the guy down there now has a moustache resembling Die Fuhrer's.

Heart

Another perennial favorite is the heart shape. Not too difficult to do, it sends a powerful message to your lover. It's the aesthetics of the shape, and the sentiment behind every stroke of the razor that gets your loving message across.

Anal Sex?

I love it. I want it.
I gotta have it now.

Those were the words out of Juliet's mouth when she got on set. Unfortunately we told her we needed to warm up with that ordinary sex. You know, blow jobs, straight fucking and then we could get into it.

Reluctantly she agreed and gave us a good ten minutes before grabbing a cock and plunging it into her anus. The rest, as they say, is pure porn. Enjoy!

Some words for Mistress Oralee

Dear Mistress Oralee,

For the last two years I've been having this problem and although I've sought help for it, nothing seems to be working for me. Perhaps you have some insight that others don't. In brief, I'm attracted to my sleeping wife. I want to rub myself on her and even make love to her while she sleeps.

I have not tried to fuck her yet, but I have touched her breasts and her butt as she sleeps. I have not touched her genitals but have come very close to doing that. Usually I'll just rub or stroke my cock but have not brought myself to orgasm.

This started out quite innocently as we were watching TV and she fell asleep on my lap. I was stroking her hair and shoulders as she fell asleep. While I watched the rest of the movie, I would glance down at her sleeping and fantasize about touching her more deeply. Some nights after we're in bed, I'll pull the sheets off and look at her body and turn on the night light so I can look at her a little better.

One night her nightshirt rode up and her midsection was revealed. I slipped my hand under it and fondled her breasts. At first there was no reaction from her, but as I continued for a few minutes I sensed her become more active so I stopped. Another night she was sleeping on her stomach and I slipped my hand under the waist-

To all my fans, I hope you'll keep writing so I can read your sexy letters. I love you guys – Mistress Oralee.

band of her boxers. I rubbed her cheeks trying not to squeeze them too hard. I pushed a couple of my fingers between her butt crack and almost got to her butt hole but thought the better of it. I think I felt her hips rise as I rubbed her butt, but cannot be sure.

Now I don't know if she realizes I do this. I have never said anything to her about it and she has never said anything about it either, even after I asked her to share her dreams. Do you think I should tell her? How do you think she will take it? I feel I need to confront my situation before I do something I'll regret.

– Randall, NYC

Dear Randall,

I share your pain and I hope you will find resolution. As you probably know, you are suffering from an illness called Somnophilia. It's defined as rubbing the body parts without force when your partner is sleeping. Less clinically it's called the Sleeping Beauty Syndrome. It is a behavioral disorder consists of sexual fantasy, kissing, rubbing and excitement. Sometimes it's caused due to behavioral or psychological problems, but you have not really defined any except to say you're falling deeper into it.

My first piece of advice is the obvious. Think about talking to your spouse. Find a way to bring up the subject delicately. Talk to her openly about it. You'll never

know what words of wisdom or compassion may come out. If that fails, then you both should see a behavioral therapist together. Things might come up that are hidden deep and if they surface your problem may just disappear.

– O.

Dear O,

I've been a fan for years and am wondering if you make personal appearances or speeches?

– Ed, NYC

Dear Ed,

I haven't, but I might for you!

– O.

Letters From Our Readers

Comments on the magazine, the sexy ladies, and our readers' thoughts on sex.

THIS IS WHY WE DO WHAT WE DO

Editor,

Three or four things prompt this letter. Well I wouldn't call these Mothers I'd Love To Fuck "things." Women would be better.

Shortly before going to the newsstand to buy 50+ #29, I sent a letter off to Bree Olson. That is horny enough.

Then while at dinner, in walked a trio of women. Later I would learn three generations of one family. Forget the eldest and youngest – the middle doll was about 50. Great shape. A nice figure. Super pair of cans sticking out. Stunning straight long brown hair down her back. (That's right, I really looked at brown hair and not blond!) Adorable Brown Bangs. Skin Tight Blue jeans that framed her perfect ass. And best of all her jeans were tucked into an awesome pair of BLACK BOOTS!!!

This honey might not really think about all this but she was dressed to kill with her frame. No ring on her fingers. I'm sure she is great in bed with that body to play with. Some night I'll think about her in bed when I'm yanking away. And let the sight of her body turn me on.

So I'm already hotter than planned when I start to look at the dirty mags. Shortly I was drawn to the cover of 50+. With this delightful doll named MARY on the cover. My first thought – more Mary Carey pictures to lust at and enjoy. Sadly, not this time. A topless blonde with blue eyes? Let's look more...

Mary's Covergirl picture couldn't have been better. Her inside the cover shot is just as good. Tits sticking out, smiling, BLACK STOCKINGS! This was going to be a VERY GOOD article. Skipping some other gals, I went to Mary's first shot on the bed. Great legs and those tits again on display. The top

photo on the next page shows her legs very well. But the bottom pic is better, with her ass sticking up in the air awaiting the cock. She's sexy on all fours with her head on the pillow.

Turning the page is another wonderful shot of Mary's head on the pillow. And now her rear is in the center of attention. With her asshole and cunt in plain sight above her black hose.

Mary, Mary, you've set this guy's cock to throbbing. Your pictures are a real turn on and he's telling us why!

Mary has shed her un-needed bra on the next page, resulting in two glorious views of her on her back, spreading her cunt lips wide apart. Her face is lovely to look at in the bottom pic.

For many years you have come up with "out-of-the-box" thinking on how to exhibit your models. Doing things not found in other porno mags. Why they have not followed your lead is unknown. But these next two pages show an amazing sequence of Mary's cunt being put on display in an almost unique style. She

begins with a "tame" shot of her butt, just as if she took off her jeans or shorts. Below she has begun to pull her pussy apart. On the top of the next page her efforts result in a clear view deep into her love tunnel. And if that is not obscene and vulgar enough, Mary's fingers have pulled all the lips apart to reveal the shine in her cunt below her pretty asshole!

It took a genius to dream all this up. He was helped of course, by Mary's unswerving ability to do exactly what we asked of her as a XXXX model. Just lean over that chair and play with your ass when we tell you to. The results are out of this world hard-core smut!

Mary's Centerfold could not have been better. How could it when everything needed was shown: a pretty blonde looking right into the camera. Perfect face, smile, teeth, dimples. Great tits and nipples. Legs of a real cougar attractively wrapped in black (I especially love the curves on Mary's right leg). All this and she's holding her cunt wide open!!!!

Placing the second pic of M in the Centerfold was another brilliant innovation. As was showing off even more of Mary's private crotch region. And I love her right leg stuck up in the air so it perfectly meets her left leg from the other pic. This centerfold was clearly designed to drive men crazy, jerking off at two pictures of Mary at once. I'm also glad you took the time for this wonderful porno photography!

The fun continues, right on the next page, with another great layout of Rachel the Red-head. Shot in a different style than Mary, Rachel is certainly able to trip my trigger. With her first pic topless we get a nice look at those cans. The black teddy should have been gone to expose her cunt. The next page offers a nice look at her leg and high heel.

Again your creativity has shown through on the next two pages with four pics of Rachel

Letters From Our Readers --- continued

completely naked, mouth open, D-cups on display except when she is licking herself in the frame. From the look on her face, she's looking for sex. And her red hair helps signal that idea. Best of all are the four different pics of her cunt to enjoy. Rachel has obviously never heard the word "Modest!"

her hand all lead into the look on Rachel's face: EITHER CUM FUCK ME OR JERK OFF TO THESE GREAT PICTURES! What great directing this was, in front of soft white panels. Rachel's Centerfold is as great as all her other shots. Maybe better she's since she is so damn big!!! It will be tough not to Jerk

Josie's black boots would look much better on another woman. Like the one I saw a dinner. Mary and Rachel are why I bought 50+. Really clean sexy women in very sexy poses. Thanks for Mary and Rachel and all the fun they will bring. I'll see what you come up with next month.

Mary's centerfold spread is a brilliant innovation in design – and a huge, huge turn on for Steven.

After showing off her front, Rachel turns around for a trio of super ass shots. With her jugs hanging down to boot! Of the two on the left, the one with her pussy open is best. The large, two page spread of Rachel is utterly charming. It's not your ordinary cock sucker that would pose on her knees, put her index finger into her cunt, show off her crapper, then put her head on the floor, open her mouth and laugh at the camera. I even love the ridges on the skin on the back of her right leg. What a first-class look at the back of her leg!

The fun continues unabated on the next two pages. I LOVE SEEING A BITCH LICK HER JUGGS! That shot of Rachel is priceless. From her hands holding those jugs to the red hair around her face to the look in her eyes to the tip of her tongue! A+++.

A big shot below of R laying down naked, holding up a leg showing off her hole, Both Bazookas bulging out, resting her head on

off all over those Monster Melons with Nipples! Or I can follow her hand and fingers into her playland, then look at her face and eyes as I pump away.

Rachel put on a stellar performance for you. Perfectly following the cameraman's lewdest instructions to a T. She made the ideal model to follow Mary. Both of them are better than most anything we will see at the Super Bowl! Your other women deserve some Honorable Mentions for their efforts and bodies, starting with the first one Lady Ashleigh. The full-page pic of her pulling her cunt open with a big diamond on her finger is great so are the ones with the dildos stuck inside her.

How about having two pics of Dr. Sabrina again each issue? Each XXX rated with her black hose on? The half page pic of Gabrielle in the Letters section speaks for itself. Beautiful woman.

Here is what I did after typing this with 50+ on the floor: I opened 50+ to those two pages with Mary showing off her ass. I was really hard so I placed a picture of a woman I know right next to the shot of Mary's cunt in the upper right. This was incredible – looking at "Barb's" face while I was staring into Mary's cunt. It felt so good that I got a larger photo of Barb and put it on the other side of Mary's cunt. So I could look at pussy and Barb's face on top and pussy and Barb's feet below! Then I got a picture of CANDY MANSON standing up, DRESSED wearing BLACK HOSE & HEELS. Next to her I added an old pic of someone in culottes wearing black clothes with "10" type legs.

But I saved the best for last. I took a new picture I got of BREE OLSEN wearing Red High Heels and BLACK STOCKINGS with a red top. Her blond hair is hanging down her back in this view from the rear. Both of her hands are pulling Bree's ass wide apart to give a sparkling look at her Cunt and Ass. Starting at her ankles I just kept looking up and down her legs, following the red hem in the hose. Up and down staring at her legs, ankles and asshole, then looking at Mary's pussy and the dolls around it. And more of Bree's legs. And then... I FIRED AT ALL OF THESE BITCHES!!!

– Steven, Chicago

Although she works for a stock brokerage, Rhonda would love to put her outgoing personality to better use as a television show host.

Rhonda

"I just love being in front of the camera. And I have a big personality that is right for TV. I could be a judge because I'm so judgemental; or I could be a quiz show host because I think I know a lot; or I could be a news anchor because I'm always in everyone's business."

That sounds pretty ambitious to us but we know that if she puts her mind to it, Rhonda can do it.

Better yet, Rhonda would jump at the chance to be in a soap opera.

"I'm such a drama queen and there's so much of that on soaps. I can laugh one minute and cry the next, on cue. I have a ball-busting side and a warm fuzzy side. And, I can fake orgasm really well. Just ask ninety percent of my sex partners."

Did she really say that?

"Yes, it's true. I'm a great orgasm faker. Guys are so macho that they think they can please any and every woman. Well guys, sad fact is that you can hardly please this woman. I can come really easy, but guys are usually just into getting off. So when they are cumming, I step up the moans and groans and that clinches it for them."

Guess she did!

If you have a story about one or more of your erotic experiences, then go write ahead. You can send your stories to the Editor, Blair Publishing, Inc., 9030 W. Sahara Ave. # 422, Las Vegas, NV 89117. All submissions become the property of Blair Publishing, Inc., and up to our discretion to publish them – or not. Either way, we enjoy reading them all.

I'm writing to your magazine because I noticed you run classified as or personals on occasion. Well, I want to share one of my experiences and let you know that there are ways to actually meet the type of person you're looking for through these ads.

Meeting a person of the opposite sex has been difficult throughout the years. But in today's world of mass communications, social networking, online dating, mega-clubs, and even speed dating, it is easier to meet people. But do you really know who you're meeting? I don't want to talk about the stalkers or the truly weirdos that populate the pages and screens, but rather how a normal person with a true desire to meet someone compatible should go about this often daunting task.

But first let me tell you about one of my experiences. There are probably many people that can relate to this so please bear with me while I describe it to the other good folks.

I divorced my husband back in the mid-eighties because he was rude, and slept around on me. I was so disgusted with men for years, that I stayed celibate, didn't date and even tried a quick experimental affair with a woman. I found out I preferred me, but how to find a nice one? I did not want to be set up be friends and I would not date anyone from the office or health club. So, in quiet desperation, I started looking at the personals and people classifieds in different newspapers and magazines. I had some nice pictures taken (nothing too sexy) and struggled to write an interesting bio on myself.

I was shocked at how many responses I got

GET PERSONAL FOR THE PERSONALS

from a couple simple postings. I would arrange meetings, and for those who showed up, I was disappointed. Not only did they not look like their pictures, but always were much older and weirder. But I did eventually meet a nice guy, who also had just been through a divorce, and we hit it off. We saw each other for a couple years until I discovered that he was addicted to answering personals and ended up cheating on me. While we were dating, we laughed and compared notes on the other people we had met this way.

Now in the age of computers and the internet, I look back at my lessons learned and hope you will find some of my information worthwhile. But before you do anything, think very seriously about posting or answering any ad. It could just be a matter of life or death.

So let's get started. I'm going to assume you are not a cranker and are truly hoping to meet someone this way. Since 90% of personals are on the internet, I'm going to focus on that. There are very few controls on the internet and with most of the sites you can self-publish, unlike the old school days when there were editors and publishers in between.

The first rule has always stayed the same – the truth. It's easier to lie and make things up, but if you really want to meet someone you might be compatible with, then it doesn't pay to lie. What you say about yourself is very important so take some time in doing so. Don't be afraid to redo it and edit it until you are happy with it and what it says about you.

Use proper English and spell words correctly. If you're not a good speller, write your message on a computer program and use the spell check feature. Remember, the lady needs to be impressed with you in very few words but don't type your message like you type your texting! Silly emoticons are just not cool.

Before we go any further I just want you to know that I know why you're using these services. You want to get laid. You are probably not looking for a permanent relationship, but a compatible bedmate. Admit that you're horny, but if you don't put forth the effort, you'll never get near that pussy you're looking for.

Find the right words to describe yourself. Are you daring? Are you resourceful? Are you patient? Are you willing? Don't use feminine adjectives and descriptions. You are ruggedly handsome, not cute. Kitties

are cute. Stuffed toys are cute as are babies sneezing. Stick with the manjectives. Don't call yourself hot or sexy since everyone's idea of that is a little different. One girl's turn on is another girl's turn off, and you don't want to turn anyone off. It cuts down the gene pool.

If the site offers headlines, be extra careful here. This is your first impression so make it a good one.

By all means, stay away from porn-speak:

Seeking young, hot mama to do it all now!
or
I got what you NEED and you know you need it NOW.

That sounds more like a porn infomercial. Women don't relate to that. Guys reading it might go – Oh Yeah! – but no woman is going to be turned on by it. How many women do you know that walk over to a construction worker and give them a bj after they have whistled at them?

Refrain from capitalizing anything, especially orders. It makes you look too bossy or desperate. Urgency is not a reality in online dating. Also, stay away from using the word "need" in your ad especially in all capitals, which is equally pathetic.

Remember, urgent postings are unrealistic. Pace your postings. Never post more than once in a day. Once a week should be okay. Plan to do it at different times though because people have different schedules and those that view postings at noon are not the same as those cruising the personals at midnight.

Don't ask or suggest anything unrealistic like asking for immediate sexual gratification, or offering a lunch junket to Paris. Do you actually think that a woman is going to be desperate enough to give it up to an online listing? Do you really think she'll jump on your jet and be stuck alone with you for ten hours at 35,000 feet? If you had

a jet, you probably wouldn't be posting an online ad to get laid or need a lunch date in Paris, now would you?

That stuff only works in the movies and on television commercials. If you are ever around real people, you'll find that is never a topic of discussion. Don't pretend that you are a rich or successful businessman. If you really were, you wouldn't be looking for online nookie. You'd be able to hire someone to be your wing man.

Referring to a woman's body parts in a posting is always the kiss of death. Men don't have the finesse to refer to a woman's parts in any manner to make her comfortable or willing. She doesn't know you. She probably has a hard time talking to her mother about it, let alone a stranger on the internet. Leave the dirty talk till you've actually met and dated her and then see if she's accepting of it. You can't get in the car if she doesn't open the door.

Stay completely away from any fetish you may have. Most of us like to have our toes sucked, but not in the first two minutes of reading someone's posting. Things like that are made to be done behind closed doors. That alone tells you that it's not an easy topic to accept.

So with all that said, let's move on to another just as important aspect of online persuasion, your photograph. This can be as important as what you write. Even more so if it puts you in a bad light. Just as you take time to refine your words, take the time to have a flattering photo taken of yourself. Lighting is very important, so be sure to deal with someone who knows a little bit about it. If a good staged picture is not for you, a spirited candid is always a good choice. Show yourself in a fun situation or having fun yourself (no, not masturbating). You don't have to be the center of attention, but a great big happy smile on someone enjoying themselves can go a very long way.

Avoid taking, or rather, using a cell phone picture. The lenses are not made to flatter people, they're made to capture scenes. The quality usually sucks for something like this, and ninety-nine times out of one hundred you're not at your best in those shots. Stay away from posed family photos. You are not twelve any more. Your mom and dad should not be planting big kisses on your puss. Don't use a shot of you fucking someone. Women do not have the imagination to put themselves in the ladies shoes, or on her back. Men are supposed to be the visual ones. Don't include another girl in the picture rubbing cheeks or kissing you. You are out to find a new one, not remind someone of an old one.

If you're taking or having a picture taken of you, here are some pointers to look your best.

No one has a perfect body and we all know how to minimize the bad angles or slouch or paunchy tummy. So if you're a bit overweight in the face, don't take upshots of your face because it will make your double chin multiply. This also goes for skinny guys, because this isn't a good photo perspective – no up-the-nostrils-shots. Keep your expressions simple. They are open to interpretation in pictures and you may not get the right one.

Try to take a clear photograph, straight-on or from slightly above pointing down. It produces a flattering photo for nearly every face and body shape. Also, don't wrinkle your forehead or squint. This distorts your features and over a short time you're bound to get wrinkles.

If you are posting to a site that allows body parts, be sure to have flattering shots of them as well as your face. In other words, if you really want to get laid, post a decent picture of your body as well as your face. In today's visual world it may just not pay off if you post your ad without a photo. You probably won't even look at a house listing or anything for sale on the internet without a picture next to it. No matter how well your copy is written, a picture tells a thousand words. Just choose those thousand words carefully. Women are not like men; we won't fuck just anyone with a hot body. You can have the body of Mr. Universe and the face of George Clooney and most women still would not fuck you.

Think twice about putting a picture up of yourself eating hot wings or sitting on the toilet. You can poop and then get off the pot and take a good picture. No one is going to talk to you while you're sitting on the crapper; and you can't answer the phone if you've got hot sauce all over your hands.

It's probably not a good idea to publish a picture of yourself having sex. Missionary, doggie, muff-diving, getting head or otherwise. No woman wants to see who you've fucked, and then wonder why you would ever want to publish pictures of yourself fucking. The only people who should be doing that are the ones in porn that get paid to do it. They are usually much better looking with nice big cocks because they use them so much.

And don't publish a picture — with words — describing and showing what you want to do to a woman. We know what it looks like. Doing this just makes it seem like you

lifted the images from your favorite porn sites and we don't want to think that the man we will be seeing spends his time

is, oil up your groin and legs a little bit with lotion. Not baby oil. That makes you look too shiny, sweaty or sleazy.

surfing porn sites, let alone downloading pictures from them. We don't even want to think that you could be saving those pictures and movies on your hard drive. Women just don't do that.

Another major no-no that won't get you into our bed are headless pictures of you. That makes it even more obvious that you are ugly or have absolutely no confidence in yourself. Women like confident men. Not cocky men. Sure, there are some that like cocky men but that won't last long. We need to see the whole picture. If what's above the belt is worth looking below the belt, too.

If you chose to show your cock, show your cock in its best light. It doesn't have to be hard; it doesn't have to be inside a woman's mouth or pussy. Just as you are going to take time to shoot a good shot of your face, use the same good judgement about your cock. If you know anything about photo tricks, or can even analyze a photo for its better elements, then apply what you see to shooting your cock. The lighting, as always, is very important. The skin around your cock is important. That

Trim that unruly hair down there. The thought of putting our mouths on a big ol' hairy-bushed cock is not very inviting. You don't have to shave it all off, but trimmed back can be a good sign that you care about what's down there. Today, most sexually active women are shaved or trimmed to some degree. Men like that, and we like that in a man, too. But don't do fancy stuff, that's stupid, not cute. That means no lightning bolts, and especially no heart shapes. If you want any kind of attention paid to your balls, shave them, or at the very least, trim the hair.

Pictures of you grabbing your big hard on through your pants or inside your zipper is never a good idea. It just makes us think that you have a small cock and this is your clever way of hiding it. Even if you're the proud owner of a huge twelve-incher, it might be ugly or it might have something awful on it. We want to see your bare cock.

If you follow these tips, your chances will improve. It's a jungle out there, and the most successful hunters are the best prepared.

***Ready

you
are!***

Hi guys, I'm Terry and I was born ready. Ready to cook, ready to shop, ready to suck and ready to fuck. Are you ready for me? I have such a high sex drive, sometimes it's all I think about, and when I'm fucking, I like to do it for hours. My longest fuck session was more than nine hours. Yours?

When I was in college, I lived in a co-ed dorm with two guys and one other girl. We had just finished our midterms and were ready to celebrate.

Unfortunately it was 20 degrees below zero outside. My female roommate and I finished our exams first and decided to drink our celebration. Well, we started at noon and decided to cuddle together to warm up. One thing led to another and we started kissing and that led to touching pussies and then licking them. After a couple hours one of the guys came in and found us going at it. We told him we were cold and he said he was too. We told him to strip and get in bed with us. His clothes were off fast and his dick was hard even faster. Before he got into bed we told him we had to suck...

...his cock to warm him up.

Both us girls took turns sucking and giggling. He got into bed with us and started licking both pussies. But before he could fuck anyone, the other roomie came into the room and started to say he aced his tests. Before he finished the sentence, I jumped out of bed and pulled his pants down, his cock out and grabbed his balls to congratulate him. I stripped him naked and pushed him down on the other bed. We fucked and sucked for hours, traded partners and finally came all over the bed covers, but we didn't care at all. Nine great hours of sex!!!

Yes, I was ready then and I'm ready now. Ready for you!

Call me and tell me about your longest fuck. If you can top mine, I just might have to take you on. Over 18 only.

Confessions of a Hot Older Woman

Older women? What about wiser, wilder, wanton women? Because I'm quite prepared to admit that I have every intention of becoming a dirty old woman. Of course I use the word "dirty" rather loosely. I suppose what I really mean is that I expect to still be interested in all things sexual (and especially all things kinky) right to the bitter end! I've certainly become more passionate with age and more interested in experimentation. Don't get me wrong - I've always been highly sexed but it's only in recent years that I've developed the poise, the self-assurance, to be comfortable with my downright horniness! And while I still enjoy "vanilla sex" I enjoy even more exploring my naturally kinky nature and if it's with a man who's younger than me (sometimes CONSIDERABLY younger than me) then so much the better. These days I find myself indulging in all kinds of sexual fantasies in all kinds of places.

Call Now. 800-735-4058

Must be 18+

The young man at the grocery store, the businessman having lunch in the local bistro - all are likely to be disconcerted by my appraising glance! Since we all know - or SHOULD know - that the most sensitive erogenous zone is between our ears, then it makes sense that it's a woman's aura, her vibe, that arouses a man's interest. An older woman is more likely to give off an air of confidence, an air of knowing just what she wants and how to get it. Such a woman knows her body well and knows how to extract every last drop of pleasure from it. She's comfortable in her own skin and doesn't waste fretting about minor imperfections the way she might have done in her twenties. By the time she's in her forties a woman knows what's important. She knows the value of taking her time, knows that where there's one orgasm, there's also another and another. An older woman is experienced in the ways of pleasing a man and, more importantly, in how to please herself. She's not looking for a man's approval - she already knows who and what she is and what she demands from life. You won't need to spend your time trying to guess what the older woman wants from you - she'll let you know!

A word about "head games" and yes, there's a world of difference between a mind fuck and a head game. The kind of head game an older woman plays is more likely to be a way of enhancing her enjoyment - and her partner's - rather than to bolster a fragile ego as is often the case with a younger woman. Oh, and you won't find an older woman asking "What are you thinking?" because, quite frankly, she doesn't much care.

If you want your world to be rocked, rather than just a little shaken, then seek out the older woman - she'll rock your world in ways a younger woman hasn't even thought of yet!
